MARCUS GARVEY SCHOOL

Schools Mission Statement
The mission of Marcus Garvey School is to establish for its students a fundamentally sound education, instill a strong sense of academic preparedness, encourage cultural connectedness and the desire to succeed in becoming the architects of their destinies.

Our Classes
It is the philosophy at Garvey that a group of students should not be taught from a “one size fits all” perspective. Teachers evaluate students daily and provide more challenging materials or additional instruction depending on the needs of the students. The majority of Garvey students are conquering materials two to four grade levels above California State Standards.

Garvey’s core curriculum includes Math, Science, Vocabulary, Spelling, Reading Comprehension and English/Grammar. The curriculum is introduced in Pre-K, built upon throughout elementary and mastered by the 8th Grade.

Curriculum

Pre-K Ages 4
Sharing, Music, Penmanship, Phonics, Sign Language, Reading, Health, Science, Geography, Beginning Arithmetic

Kindergarten- 2nd grade

Investing in our children is investing in our future!
Do you think that Kobe, Tiger or the Williams Sisters started mastering their profession in high school?

No, their foundations were developed early in life. There is no better place to develop an early education foundation than at Marcus Garvey School.

Marcus Garvey School has a proven record of preparing students to attend the top universities in the country. Amazingly, several Garvey students have skipped high school after graduating from the 8th grade to pursue success in college.

Dr. Anyim Palmer, founder, developed a rigorous yet exciting curriculum that instills fearlessness in Garvey students which allows them to master high-level concepts at an accelerated rate. Our teachers nurture and motivate students while watching them blossom into young intellectuals that have been featured in local and national news.

We know that your child deserves the best. Let’s start developing that strong foundation. Call to schedule a tour to learn more about the Marcus Garvey experience.
